CREDIT COURSE ON INTERNATIONAL MARITIME LAW

Date: 16th – 22nd February, 2022

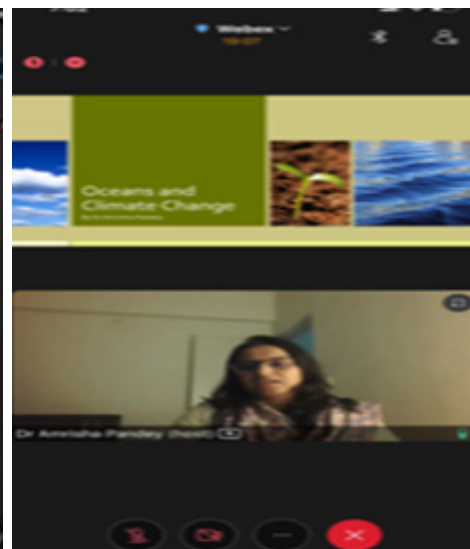

Faculty Coordinator: Ms. Priyanka Taktawala

Credit Course on International Maritime Law was a seven-day program organized by Karnavati University in collaboration with Gujarat Maritime University.

Maritime Law is a unique field of law that renders a great impact on the everyday life of the people. In today's world, no country can work in isolation and maritime law enables countries to connect. As 90% of global trade depends upon ships, a great deal of emphasis has to be laid on the regulations governing the sea. It is a little known fact that a ship can be operated from one country, flagged for operational reasons to another and then has crew from yet another nation. This makes the domain of Shipping law more intricate, yet exciting to pursue as a professional. Increasing work in the maritime space because of reasons like ship arrest, cargo claims etc. provides excellent opportunities. Seven days.

Training Program covered a wide range of areas related to maritime law including Shipping Contract, Marine Environment, Marine labour law, Admiralty law etc.

Over 200 Participants registered for the course.
